EVENT DETAILS:**Day One: The Art of Creating Opportunity**

Denise's Top Twelve Employment Tools which addresses a wide spectrum of applicant issues including assessment, motivation, self-esteem, work preferences and values, writing employment proposals, and running an intelligent, well-balanced job search. This is most relevant to employment counselors, job coaches, special education teachers, guidance counsellors, career education professionals, case managers, and job developers. Includes 50 page handout including tools you can use with your clients.

Day Two: Beyond Traditional Job Development

Strategies for Engaging Employers which offers numerous practical ideas and innovative approaches for working with employers to see past employment barriers, to develop effective partnerships, and to engage your applicants within the world of work. Those who are charged with assisting people to become employed and/or work as job developers, this is a must! Includes 20 page handout with tips for engaging employers.

Day Three: Retention and Beyond: 30 Ways to Shine as a New Employee

This session speaks to the essential skill set required for ongoing job maintenance, job satisfaction, and career resilience. This workshop is relevant to anyone who has a stake in pre-employment skill training, job retention and/or employee satisfaction and productivity, employers included! Includes copy of [30 Ways to Shine as A New Employee](#) (\$30.00 retail value!)

ABOUT DENISE BISSONNETTE

Denise Bissonnette is a highly acclaimed author, trainer, writer, and keynote speaker in the field of Employment and Training. As an impassioned advocate for individuals with barriers to employment, Denise has been inspiring audiences throughout North America for the past two decades with innovative thinking and practical strategies for helping people find their place in the world of work. Her first book, *Beyond Traditional Job Development: The Art of Creating Opportunity* is considered the definitive text in classrooms throughout the country, and often referred to as the job developer's bible. Her celebrated book on job retention, *30 Ways to Shine*, is championed in schools, job clubs, and utilized in a variety of workplaces and industries.
